

Integrity • Teamwork • Innovation • Quality

ABOUT CAELUM:

Established in 1987, Caelum Research Corporation is a Woman-Owned technology and engineering company specializing in the application of data management and data analytics methodologies to enhance information technology and information management, systems and software engineering, cybersecurity, and logistics support services to DoD and Federal science and research agencies. We are headquartered in Maryland with employees located in 11 states. Every aspect of Caelum's organization is driven by customer satisfaction—creating value through efficiencies and innovation, exceeding customer expectations, meeting commitments, and delivering quality products and services.

CORE COMPETENCIES:
